KNU Position Statement on Current Armed Clashes

1. The KNU is concerned about the armed clashes breaking out currently between Myanmar Tatmadaw and the Democratic Karen Benevolent Army (DKBA), based on the ASIAN Highway.
2. We do not want the armed clashes breaking out like this in Karen State to impact the process relating the effort for concluding the Nationwide Ceasefire Agreement (NCA) between the government and the Ethnic Armed Organizations.
3. The KNU entreats both sides to resolve peacefully, through dialogue, the problem of armed clashes currently taking place in Karen State, and efforts will be made on all sides for the meeting of Myanmar Tatmadaw and the DKBA.
